Application to Purchase a Kerikeri Cruising Club Marina Berth License
Please complete & return with payment.
Due to demand there is a waiting list to purchase Club Marina Berth Licenses.

Name:……

Address:………………………………………………………………………………………………………..

……

Phone:………………………………………….   Mobile:…………………………………………..

Email:……..

Please note:
- Unless the Club agrees otherwise in writing, the marina berths shall be used for recreational purposes only by the Licensee. This means no commercial fishing, diving or boat charter vessels unless prior agreement in writing is obtained.
- If a berth license is offered and turned down, the individual who declined the license is moved to the bottom of the waiting list.
- Each person on the list will receive three offers to purchase a berth license. If these three offers are declined (or not responded to) the name will be removed from that list. This policy was adopted in May 09 and is not retrospective. Where a person is listed on two or more lists, they will receive three berth license offers per list.
- Vessels must fit within the boundaries of their allocated berth (i.e. must not protrude over the pier walkway or beyond the piles). Please ensure that the berth size preference you have indicated is the correct one to accommodate your vessel by checking the vessel's length overall (don't forget bowsprit, anchor, dinghy davits, and duckboard).
- Full Club membership (Family, Senior or Long Distance) is a condition of obtaining and retaining a position on the waiting list to purchase a berth license.
- Negotiations on the transfer price of a berth license occur directly between the vendor & purchaser. As part of these negotiations your name & contact details will be released to license vendors for the purpose of instigating negotiations.

Boat Type: ❑ Launch   ❑ Yacht

Boat Length: …………   Beam: ……………..   Draught ……………..

Berth Size   ❑ 10m   ❑ 12m   ❑ 14m   ❑ 16m   ❑ 18m   ❑ 20m   ❑ 25m
Preference:
(The berth sizes above indicate the overall length of the berth e.g. a 14m berth is 14m long so any vessel to be accommodated in this berth must be less than 14m in overall length with enough margin between the vessel & berth lengths to allow safe mooring.)
(One berth size only per application)

Application Fee: ❑ Marina $50

Signature of Applicant:……………………………… Date:…………………
I agree that my name & contact details can be released to license vendors for the purpose of instigating purchase negotiations.
